Description of Services:

Big Mouth Presentations provides a holistic approach to Character Education. Services are provided to inspire students, educators and parents to help create a culture of character both on campus and in the home. For students, K-12 school assemblies are offered and are tailored to be age appropriate for any grade level. Student Development Meetings with Student Council groups are also available to train them to become leaders in character on campus, as well as Classroom Character Workshops, where a presenter will work closely with one classroom for 30 minutes to speak more in depth on why character is important. For educators and school staff, Synergy Meetings and Staff Fun Retreats are available to motivate, encourage, and show how character can be implemented in the classroom without adding more to the teacher's plate. There are also Parent Workshops offered in the evenings to inspire parents to continue this work in their homes.
